

Catalog of Opportunities

Accelerate your AI adoption journey

AltaML's Catalog of Opportunities is a transformative engagement designed to empower your organization with the knowledge and tools needed to get high-impact artificial intelligence (AI) use cases into production more efficiently.

Accelerate your AI adoption journey, unlock value, and surge forward with an unrivaled competitive edge.

From Complex to Clear

Fuel your organization's journey to AI success with AltaML's immersive eight-week Catalog of Opportunities engagement. Through in-depth discovery, AltaML develops a curated catalog of highly qualified and prioritized use cases, processes, and tools —meticulously aligned to your organizational goals, objectives, and key stakeholder feedback. Driving immediate impact and unlocking unparalleled value, the Catalog of Opportunities streamlines the path to bringing high-impact AI use cases into production, propelling your growth to new heights.

Qualified and Prioritized Opportunities

AltaML analyzes and evaluates your organization's goals and challenges during in-depth engagements. AltaML will then identify and prioritize AI use cases with the highest potential for impact, saving you time and setting your organization up for long-term AI success.

Value Realization

AltaML's targeted approach enables you to focus your resources and efforts on the most valuable AI initiatives, setting achievable targets to maximize tangible impact and drive long-term sustainable growth.

Defined Process and Toolkit

Gain the tools needed to execute a portfolio of opportunities successfully. Your personalized Catalog of Opportunities contains prioritized and qualified use cases, an implementation process roadmap, and clearly defined next steps for project initiation.

Your Roadmap to AI Success

PHASE 1 Discovery

Through intensive engagements and collaborative efforts, AltaML delves deep into your organization's operations, strategic direction, and objectives. We work closely with key stakeholders and end-users to identify pain points, challenges, and opportunities for impactful AI implementation.

PHASE 2 Evaluation

Once potential opportunities are identified, we collaborate with you to clarify pre-conditions such as time, effort, and data requirements allowing us to assess the feasibility of each opportunity. Additionally, we establish prioritization criteria and agreed-upon weighting, ensuring your focus is directed towards opportunities with the highest potential for success and value.

PHASE 3 Qualification and Visualization

Using our AI Opportunity Checklist, we assess opportunities based on predefined criteria, pinpointing any risks or obstacles hindering use case progression. We create an AI Use Case Canvas for viable opportunities, offering a comprehensive overview of the business problem, data requirements, estimated ROI, anticipated benefits, and potential challenges. This approach guarantees visibility and alignment at every step.

PHASE 4 Prioritization

AltaML equips your team with essential knowledge and assets to make informed decisions. Using our Use Case Prioritization Matrix, we collaboratively prioritize opportunities based on their potential impact relative to development and implementation efforts. This ensures a focused approach to pursuing high-potential opportunities delivering significant impact and value.

PHASE 5 Wireframing

AltaML creates low-fidelity wireframes to showcase potential solutions for strong use cases. These representations clearly visualize how the solution integrates into your organizational processes and workflows, providing a tangible preview of its possible implementation.

PHASE 6 Catalog of Opportunities

Findings, assets, and recommendations are consolidated into a tailored Catalog of Opportunities, aligned with your organizational objectives and shaped by key stakeholder input. This roadmap provides a solid foundation and understanding of AI opportunities within your business. With this knowledge, you can confidently engage with AltaML for future AI endeavors, unlocking substantial value and returns throughout your journey.
